

Gulf Coast Charter Academy South

December 4, 2020

Dear Parents or Guardians,

The school is currently engaged in detailed planning for the 2021-2022 school year. Parents of students currently attending Gulf Coast Charter Academy South will have the opportunity to re-enroll their child for the upcoming school year by submitting a re-enrollment form online or by completing and returning a hard copy form on or before January 15, 2021, by 4:00 p.m. This will guarantee your child's seat for the 2021-22 school year. Parents that do not complete and return the re-enrollment form by the deadline will need to re-enroll during one of the New Student Enrollment Periods which are listed on the website. You will be required to participate in the school enrollment lottery if there are more applicants than seats available.

The school is excited to announce it's in the early stages of planning to construct and install a new covered pavilion in the back of the facility just beyond the cafeteria. Students will be able to eat lunch outside, teachers can use this area to teach classes outside, and it can be used for social events such as meetings or middle school dances, etc.

We are excited about this facility enhancement project. In order for the school to afford these enhancements, it's critical we meet our projected student enrollment goals each year and have successful fundraisers throughout the year to help subsidize some of the costs of these types of projects. You can help the school by assisting with recruiting new students for us to meet our projected enrollment goal for the 21-22 school year and by participating in any fundraisers throughout the year. You can also complete a school Sponsorship form and share it with family, friends, and local businesses. A copy of the form is located on our website.

Thank you for your continued assistance and support! Please complete one (1) form per child to guarantee their seat.

William Staros, M.Ed.
Principal
Gulf Coast Charter Academy
